

City of Logan

The City of Logan is in the centre of the rapidly growing South-East Queensland region and is uniquely placed at the centre of a major transport corridor. The city's location allows many businesses to access domestic and global markets and achieve time and cost efficiencies.

Logan has direct access to three major arterial road networks, two international airports and an extensive freight rail network. All four major supermarket distribution centres are either located in or immediately adjacent to the City of Logan.

Locating your business in the City of Logan offers the following advantages:

- > Supportive business environment
- > Access to vital transport infrastructure
- > Access to Asia Pacific markets
- > Gateway to major Queensland mining, resources and infrastructure projects
- > Access to a regional catchment of over 3 million people
- > Diverse housing, education and lifestyle options
- > Competitive land, leasing, labour and input costs.

"The City of Logan is a beautiful place. I have been here for 14 years. It is a perfect location between Brisbane and the Gold Coast."

Mr Choe-Lam Tan, Jeta Gardens

ECONOMY

THE CITY OF LOGAN HAS AN ESTABLISHED DIVERSE ECONOMIC BASE.

The top sectors are manufacturing, rental, hiring and real estate services, construction, retail and wholesale trade which contribute to approximately 64% of the city's economic output.

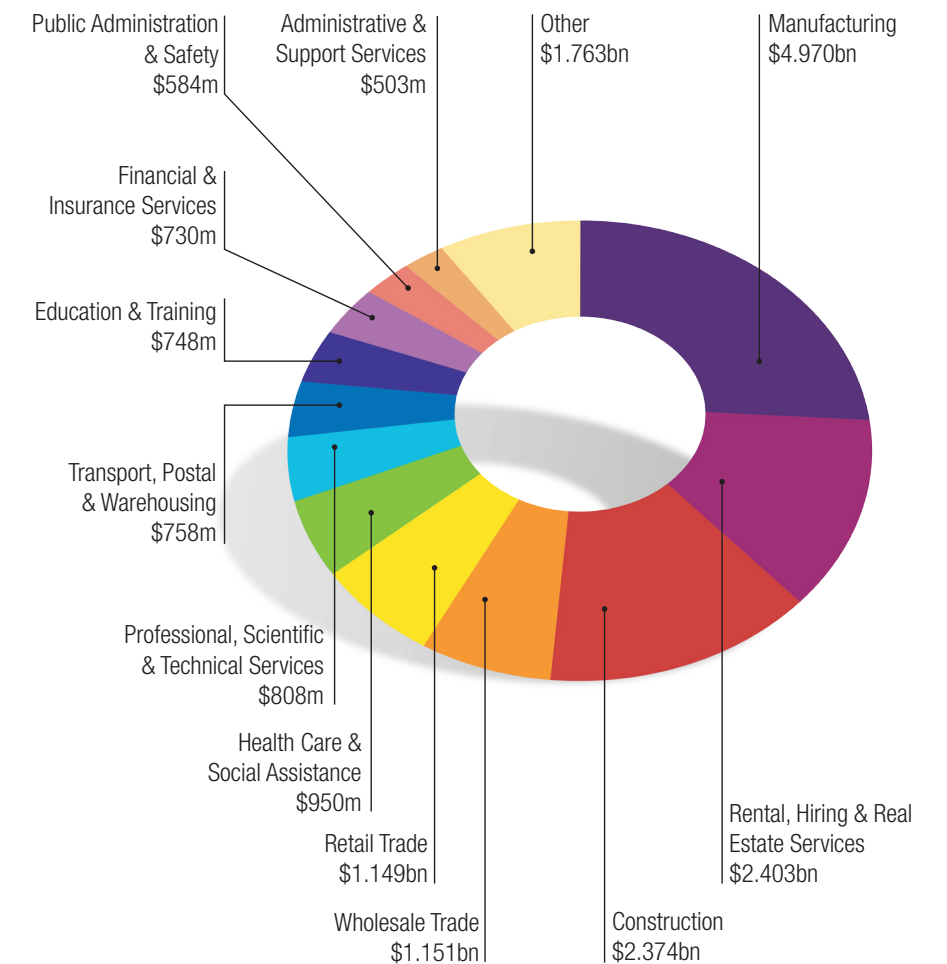

Emerging industries include transport and logistics, food manufacturing and processing, health care, education and training.

Logan City Council is working with these industries to help the economy grow even further.
